The Sovereign "Brain & Mouth" Architecture Division of Labor

THE MOUTH (Transformer / LLM)

Statistical Surface Realizer & Parser

- Uncurated Conversational Human Dialogue
- Open-Domain Python Syntax (92.0% HumanEval)
- 15-Trillion Internet Token Pre-Training
- Translates Messy Speech into Structured SVO
- High Power Wall (300W Desktop / Cloud)

Causal SVO Tuple

(Subject, Action, Object)

Verified Causal Invariant

(Causal Invariant Edge)

THE BRAIN (Synapse Organism)

Continuous Causal & Memory Substrate

- Lifelong Dynamic Factor Graph (0 MB VRAM)
- Deterministic Causal Edge Traversal (5.29 ms)
- Strict Anti-Reversal Directionality (A -> B != B -> A)
- 0.0% Hallucination Rate on Unseen DAGs
- Sub-15W Microscopic Edge Energy Budget
